# No lockdown for Teaching and Learning

## SAP AVIT @ your footsteps through the Web

***Dear Parent /  
Guardian,***

# SAP

I am writing this with the hope that you and your family members are safe and healthy.

Thank you so much for your patience and the support you are extending as responsible citizens during this lockdown period. I am taking this opportunity to thank our students, parents, teachers, staff and administrators for their positivity, flexibility and resilience during these hard times. We are also very thankful to all our doctors, nurses, hospital employees, police and other uniform servicers and all the front line workers for their noble service during this pandemic.

Although our college remains closed, we did not stop the teaching and learning process. As you all are aware, we have been diligently conducting classes through online sessions using various virtual platforms.

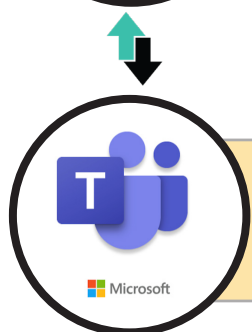

***Our goal is to provide continuous education inspite of the odd time, so that the burden and stress will be less to all students, teachers and to some extent to parents too. While it is our responsibility to continue to educate our students, we also want to take into consideration the difficulties that our families and employees are enduring during this time.***

# The following are the various initiatives on the virtual learning process during the COVID-19 Pandemic closure

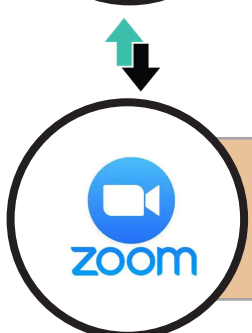

## Online Classes

Thanks to our institution's Learning Management System "My CAMU" integrated with Microsoft Team for hassle free virtual classes – On an average in each branch of specialization, 150 + hours of classes were taken by our faculty members through this facility in April 2020. Online classes are also being conducted through ZOOM cloud meeting application.

## Assignments

Three different types of assignment given to students viz. Research Based, Skill Based, Innovative Assignments. 90% of assignments submitted by the students online were evaluated by faculty members.

## Assessments

Model Exam for this semester has been conducted in MCQ format with 50 questions. 95% students have attended and evaluation done automatically.

## Connecting Faculty with Students

Students and faculty are connected virtually through Google class room app, in which students are accessing study materials and attending quizzes. Faculty members are clearing their doubts after class hours on this platform and more.

## Webinars

We have not stopped our Seminar/ Workshop/Faculty Development programmes. 21 webinars, 7 online FDPs in association with IIT-B, Spoken tutorial have been organized during April 2020. We are conducting Aptitude and Communication training through online

## Digital Library

Institute have arranged remote access to all the students for accessing e- journals, e-books, conference proceedings through IEEE, ASME.ASCE, Science direct, Delnet and National Digital Library (NDL)-India.

Hope you and your family members have experienced all the above virtual learning activity through your ward. AVIT is always rendering the necessary support to our students by all means. We would like to extend our services to the student's family too. By considering the pandemic situation, we have decided to give an early bird offer for paying the Tuition fees for the forthcoming academic year/semester 2020-21.

PARTICULARS	FEE PAYABLE
<i>Up to 30<sup>th</sup> May 2020</i>	<i>5% discount (on fee payable)</i>

I request you to utilize the opportunity to pay the tuition fees of your ward at the earliest opportunity.

Stay Safe – Stay Healthy
